**1. Bid schedule spreadsheet does not explain difference in description between CLINs 920100 & 9201PP, and 920200 & 9202PP. Is the description similar to other CLINs with a "PP" designation?**

1. Yes, the CLINs with the "PP" suffix should read, "contaminated with PCBs at or above regulated levels." This designation is given in the bid schedule in the pdf format solicitation. See new bid schedule.

**2. CLIN 9402FS references clause C.64, but this clause is not in the solicitation.**

2. Clause C.64 is hereby added to the solicitation. See attached page.

**3. CLIN 910200 is not in the excel bid scheduleSection C.1.2.a – What is "base approved" regarding forklifts?**

3. 910200 is added to the excel bid schedule. See new bid schedule.

b. New clause C.69, Demilitarization Certificates of Disposal, is added to the contract.

c. Solicitation is **not** extended.

**C.64 RECYCLING OF FIXER DEVELOPER SOLUTION**

a. The contractor is required to recycle silver from fixer developer solution removed under the CLIN listed above. Solution contains an average of 100 ppm silver; however, this average may fluctuate. The Government does not guarantee the average will remain constant over the life of the contract. The contractor is required to recycle silver from the solution until silver content in the solution falls below RCRA regulatory levels of 5.0 parts per million. Some fixer developer solution may also be anticipated under the appropriate disposal CLIN.

Use of such facilities without prior DRMS approval will result in reversion to the standard tracking system, consisting of a manifest or bill of lading to the recycling facility, a manifest from the recycling facility to the facility(ies) receiving various components and Certificate(s) of Destruction issued by the facility(ies).

d. DRMS will accept a signed manifest/shipping paper receipt as certification of disposal by recycling.

e. Any inconsistency between this provision and C.13 shall be resolved by giving precedence to this provision.

\*NOTE: If the facility appears on the "Qualified Facilities" list on our web site [http://www.drms.dla.mil/newenv/html/hw\\_disposal.html](http://www.drms.dla.mil/newenv/html/hw_disposal.html), and C.68 is referenced in the "Plan" column for the facility, then the contractor need not comply with this paragraph. However, annual updates are due to DRMS-NPC in January of every new calendar year. If the information continues to meet the requirements, the block will remain checked. If updates are not received, the check will be removed from the web and the prime contractor will subsequently not be paid unless a full audit trail is submitted or a new plan is approved.

#### **C.69 DEMILITARIZATION CERTIFICATES OF DISPOSAL**

a. Property requiring Demilitarization by the Government will be so listed on the DD Form 1155 Order for Supplies or Services by the DRMO. When property requiring DEMIL is ordered the Contractor is required to dispose of this property either by burial or incineration per DoD requirements. The audit trail showing DEMIL was accomplished shall be the hazardous waste manifest, a completed service contract delivery order (DD form 1155), and a certificate of disposal. The completed DD form 1155 or Certificate of Destruction must be submitted in addition to the documentation requirements in G.11 for invoicing. DEMIL property includes, but is not limited to, Chemical Defense Equipment (CDE) Kits. The CD's will be provided at no cost when these DEMIL items are on a DO. Example CLINs include 9102CD & 9202CD

#### **C.70 CERTIFICATES OF DISPOSAL/DESTRUCTION (CDs) – CLIN 6503**

a. The contractor shall obtain and provide necessary documentation to prove that final disposal of CLINs 9100 - 9899 has been accomplished. Certificates of final treatment or disposal shall be provided to the generating activity identified on the manifest or shipping paper with a copy to the DRMO/COR. CDs require certifications from agents, officials, or employees of the Qualified Facilities that provided final treatment and/or disposal. **CDs shall be provided within thirty (30) calendar days after disposal occurs.** CLIN 6503 shall be ordered one (1) each for every CD desired per task order line item.
